

## 2017 Gut N Go Rules

Any front wheel drive CAR 1980 and newer. No full frame cars or full size cars.

1. All flammable material must be removed from the vehicle. Dash may stay inside of car.
2. Gas tank may be left under car as long as it is mounted in front of rear axle. If the tank is moved inside of the car it must be covered and secured in a way that it will not move or strengthen the car. Electric fuel pump (On/Off) switch must be clearly marked.
3. Driver's door may be welded solid. All other doors may be welded 3 on 3 off. Driver door plates are allowed.
4. Trunk lid, hatch, or gate may be wires shut in 6 places. Must have a 10 inch hole in trunk lid for inspection.
5. Must run factory drive line.
6. Tires must be DOT, no paddle tires.
7. **No** welding on the frame anywhere!!
8. Bumpers must be factory fwd car bumpers. They may be interchanged if they bolt into the factory location. Bumper may be attached to the body in 2 places with 9-wire.
9. 4 bar halo cage at maximum is allowed. (Shape of a square around the driver) A rollover bar may be extended off the halo. **NOTHING TO THE FLOOR.**
10. Suspension must remain factory.
11. Body may be creased.
12. Must have safety strap or bar in front windshield.
13. Battery must be moved to the passenger floorboard and secured.

14. Hood may have 2 pieces of **1/2 inch** all thread to hold it down in the front. They may go through the core support.
15. Must run factory drive train. Any cars with after-market carburation, must be contained under the hood. No altering the hood.

**Pre run repairs:**

- A. If the bumper has been ripped off, a vertical plate may be welded at the end of the frame. 3 bolts of 5/16 size can be used to attach the bumper to the plate, these will be checked with a 1/2 inch wrench. If the bumper is welded to the plate the bumper will be cut off.
- B. If the core support is ripped into 2 pieces it may be pulled back together with a single bead of weld. If this is not possible then a piece of sheet metal attached over the rip with zip screws will be allowed. **NO PLATE ALLOWD FOR REPAIRS!!!**

**This class is for learning and fun. Rules listed above are what is allowed. Do not waste time doing more to a car as it will be rejected. All decisions by the judges are final. All demo driving and safety rules apply to this class.**
